This installation meets the manufacturer's published Film-To-Glass Chart dated

See Back For Warranty Information Including Stipulations and Restrictions Covering Glass Breakage and Seal Failure

Procedures for Warranty Claim

To make a warranty claim, please contact the original installing dealer. Before replacing a failed window, your installing dealer must inspect the failed window, and will initiate the warranty claim with Hanita Coatings. If you have problems contacting the installing dealer, please contact HanitaTEK Window Films at 800-660-5559 or at 16700 W. Lincoln Avenue, New Berlin, WI 53151. To expedite all warranty claims, original purchasers must have this Warranty Registration Form, the original proof of purchase invoice from the installing dealer, photo showing the failed window, and at least two estimates for repair costs. Get a confirmation by the dealer or Hanita that the glass may be replaced.
